WILLINGHAM, SCOTT
Petition to Modify Conditions

Nature of Noncompliance

On May 31 and June 17, 2018 Willingham submitted positive urinalyses for methamphetamines. On June 21, 2018 he signed an admission of use form to Probation that he used methamphetamine on June 20, 2018. He reported that he got the drugs from two different people who were residing in his clean and sober housing. They have since been removed from that home. He fears that he is unable to stop using methamphetamine. He has been enrolled in Lifeworks Northwest relapse prevention group and individual counseling. His employer is willing to hold on to his job and his housing will hold a bed for him while he attends residential treatment. Willingham is asking for assistance and would like to try inpatient treatment as evidenced by the attached waiver of hearing form.

DISTRICT OF OREGON—PROBATION OFFICE

WAIVER OF HEARING TO MODIFY CONDITIONS
OF PROBATION/SUPERVISED RELEASE

I have been advised and understand that I am entitled by law to a hearing and assistance of counsel before any unfavorable change may be made in my Conditions of Probation and Supervised Release. By "assistance of counsel," I understand that I have the right to be represented at the hearing by counsel of my own choosing if I am able to retain counsel. I also understand that I have the right to request the Court to appoint counsel to represent me at such a hearing at no cost to myself if I am not able to retain counsel of my own choosing.

I hereby voluntarily waive my statutory right to a hearing and to assistance of counsel. I also agree to the following modification of my Conditions of Probation and Supervised Release.

You must participate in a substance abuse treatment or alcohol abuse treatment program, which may include inpatient treatment, and follow the rules and regulations of that program. The probation officer will supervise your participation in the program (provider, location, modality, duration, intensity, etc.). The program may include urinalysis testing to determine if you have used drugs or alcohol. You must not attempt to obstruct or tamper with the testing methods
